Prevention and Cancer Screening Program Updates for Primary Care Providers

August 2023

In This Issue (use the hyperlinks below to take you to the specific section):

- [Health System Innovation:](#)
- [Cancer Care Ontario Updates/Resources:](#)
- [Print/Promotional Materials/Community Engagement:](#)
- [Education Opportunities \(Webinars/Workshops/Event Recordings\):](#)
- [Data/Reports:](#)
- [Additional:](#)

Health System Innovation:

- Lakeridge Health is expanding the use of electronic referrals (eReferral) and electronic requisitions (eRequisition) across programs and services by using the Ocean eReferral platform. The attached document includes more information on:
 - How eReferrals and eRequisition will benefit your practice
 - How to register as a Sender or Destination of eReferrals and/or eRequisition for free
 - How to join an upcoming webinar being hosted by Ontario Health East
- “**My Practice Primary Care Report**” provides an overview of your practice activities and helps identify quality improvement opportunities on a variety of measures, including Cancer Screening. See the attached document for more details about the benefits of using MyPractice reports.
 - For more information and to sign up for the report, please visit [Primary Care Practice Reports - Health Quality Ontario \(HQO\) \(hqontario.ca\)](#).
 - Please note that this report can be the basis for a MainPro+ Certified Practice Audits/Quality Assurance program. Each completed exercise is eligible for six certified assessment credits.
 - There are currently 478 physicians in the Central East Region that are enrolled.
 - Reports are available based on when consent is provided, please see the schedule below:

Physician

Registration Deadline	First report available*
March 31	June 15 [†]
June 30	September 12
September 30	December 15 [†]
December 31	March 12

[†]Reports will be refreshed with new data for all registered physicians.

Family Health Team

Registration & Consent Deadline	Report Available*
March 31	May 31
September 30	November 30

*Dates are dependent upon data availability and are subject to change.

Cancer Care Ontario Updates/Resources:

- As shared in the June communique, the Ontario Breast Screening Program (OBSP) has announced the following changes:

➤ Breast Density Reporting and Notification

The following changes took effect on **July 21, 2023**

- The 1-year recall recommendation based on high breast density will change to be based on Breast Imaging Reporting and Data System (BI-RADS) breast density classification D, rather than percent mammographic density (PMD) $\geq 75\%$.
- All OBSP normal screening result letters will be updated to include a BI-RADS breast density classification (BI-RADS A-D) and will include a breast density fact sheet.

See Breast Density Information for Healthcare Providers: cancercareontario.ca/breastdensity-providerinfo for more information.

➤ Inclusion of People with Breast Implants in the OBSP

The following changes are targeted to take effect **October 16th 2023**:

- OBSP sites to begin screening people with breast implants in the OBSP.
- Public and provider webpages and other program materials will be updated to reflect the updated eligibility criteria.

➤ Screening Trans and Nonbinary People in the OBSP

The following changes are targeted to take effect in **October 2023**:

- OBSP sites to begin screening eligible trans and nonbinary people according to guidance on improving screening for trans and nonbinary people in the OBSP.
- OBSP webpages and other program materials will be updated to reflect eligibility criteria.

Print/Promotional Materials/Community Engagement:

*Provided Free of Charge

- Available Now: **Urdu and Farsi cancer screening and prevention resources** are now available. To order, please visit: <https://forms.office.com/r/OGGFL7FNp3>
- Coming soon! To support cancer screening awareness and education, the tri-fold brochure will be translated into: Arabic, Spanish, Ukrainian, Tamil, Bengali, and French. If there is another language that would support community members in your practice, please email centraleast.csp@lh.ca

- If you are interested in receiving any free cancer screening and prevention promotional materials (i.e., posters, brochures, etc), please complete: <https://forms.office.com/r/OGGFL7FNp3>

Education Opportunities (Webinars/Workshops/Event Recordings):

- The Central East Regional Cancer Program will host the following webinar. To register, either click on the image below or email: centraleast.csp@lh.ca. The Prevention and Cancer Screening Multidisciplinary Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.

Mastering Cervical Screening with the Use of HPV Testing

A Webinar Supporting "Best Practices" in Cervical
Screening for Physicians and Nurses

**October 10, 2023
4:00pm-5:00pm**

**Presented by: Dr. Nathan Roth
Central East Regional Cervical Screening
and Colposcopy Lead**

Learning Objectives:

- Review the 5 principles of Data-Driven Performance
- Understand the natural history of cervical cancer
- Explain HPV, HPV Testing and HPV Immunization
- Provide a simplified approach to Cervical Screening and the HPV Screening Pathways

To register: Scan the QR Code or visit
<https://forms.office.com/r/brZuPf82Mw>

The Prevention and Cancer Screening Multidisciplinary Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.
